I've flipped it to him Rob. I'm in a bit of a pickle with the Chief removing him as overall Event Commander last week. (as you know, he's also president of SOA)

Do me a favor please and throw him on your distribution list, any time advising Denis and I.

Egg shell territory. Time for my retirement papers. I've never experienced a week like this. Unprecedented.

Mike R.

Hey Mike,

At this point, I was just including folks directly involved on the demo (if you see Rob Drummond, he is there not as my Supt...he was assigned as commander overseeing POU & PLT. This is a POU operation.) Please, by all means, forward what I send to you up to Chris as you see necessary. All my emails are manually created distribution lists and it is hard to think of everything.

Hope you are ok with this.

Rob

Rob, you inadvertently left our Superintendent off the distribution. Both Denis and I report to Superintendent Rheaume.

Just a heads up. Has happened a couple of times today.

Michael

Hi Denis,

As per our discussion tonight, I have two request in relation to a potentially planned operation set for later this week:

1. Could you please assign a Sgt to work with Andy Jasiak on a "Removal of vehicles plan". This is time sensitive, your team will need to liaise with Kevin Kennedy who has started something on this but will be the planner for the POU plan. Please have your team liaise with Sam Roberts as he holds some potentially relevant info on this matter.
2. Could you please assign one of your members to work on a traffic plan required to support this operation. Please have your planner connect with Kevin Kennedy who is the planner for the POU Plan.

Please be advised that dependent on how things progress this week, this operation may be cancelled but we would like to proceed with this work for the time being.

Thanks

Rob

Still work to be done on this...

Will complete tomorrow when I have a few more details confirmed.
